

# BRCH3 Ice Run Instructions

(things don't go smoothly, just improvise as necessary)

1. Either MUG or one of the shift members will have the cash pouch, which holds the cash/credit card needed to buy the ice.
2. Arrive on shift around 12:00pm, and find the megaphone and wagons. Call 'Ice Run' on the megaphone, and give the camp 5 minutes to get the last orders in. If people need to change or cancel pre-orders, make a note on the spreadsheet.
3. Grab the clipboard and bike wagon, and get in line at the 9 o'clock Arctica. While in line, count up the the bags of crushed and block ice needed. Verify there is enough cash from today's and previous days' orders plus \$200 cash for change. USE THE CC TO PAY.
4. Get back to camp, announce that you guys are back on the megaphone, and deliver the ice to the coolers for any *absent/occupied* camp members. Check off that each bag is delivered on the spreadsheet. Make a note of how much cash should be in the pouch.
5. Designate someone to hand off the cash pouch to someone on the next shift.

## Ice Runner Daily Schedule
